CONSTRUCTION NEWS.

PLANS AND SPECIFICATIONS ON FILE.

The following Plans (P.), Specifications (S.), and Bidding Sheets (B. S.) may be seen at the office of The Engineering News Publishing Co., 220 Broadway, New York:

Bids close.	Work.	Place.	On file.	See Issue.
Mar.				
*30	Bridge	Port Huron, Mich.	P. & S.	2-15
*30	Lock gates	Pittsburg, Pa.	S. & B. S.	3- 1
30	Curbing	Holyoke, Mass.	S.	3-29
31	Power house	New Orleans, La.	S.	3- 8
31	Timber wharf	Bremerton, Wash.	S.	3- 1
31	Power plant	New York	S.	3- 1
31	Quay wall	Bremerton, Wash.	S.	2-15
Apr.				
*1	Garbage disposal	Auburn, N. Y.	S.	2-22
*2	Dredging	Philadelphia, Pa.	S.	3-15
*2	Port works	Chile	P. & S.	5- 4
2	Concrete bridges	Frankfort, Ind.	S. & B. S.	3-15
5	Wharves	Manila, P. I.	P. & S.	12-14
7	R. R. track scale	Portsmth, N. H.	S.	3- 8
*9	Wharf	Guantanamo, Cuba	P. & S.	2-22
*11	Sewers	Georgetown, Ky.	S. & B. S.	3- 8
11	Intake pipe	Auburn, N. Y.	S.	3-15
12	Cement	Glendive, Mont.	S.	3- 8
*12	Dam	Carlsbad, N. Mex.	P. S. & B. S.	3- 8
*12	Main canal, etc.	Glendive, Mont.	P. S. & B. S.	3- 8
14	Paving	Green Bay, Wis.	S. & B. S.	3- 8
14	Wharf	Charleston, S. C.	S.	3-22
*16	Main canal	Boise, Idaho	P. S. & B. S.	3- 8
16	Light & power plant	New York	P. S. & B. S.	2-22
19	Suction dredges	Panama	S. & B. S.	3-15
*19	Sewers	Pensacola, Fla.	P. S. & B. S.	3-22
26	Engines	Philadelphia, Pa.	S.	3-22
28	Building	Portsmouth, N. H.	S.	3-29
28	Building	Charleston, S. C.	S.	3-22

*Work advertised in Engineering News.

LIST OF CONTRACTS PENDING.

Bids close.	Work.	Place.	On file.	See Issue.
LIGHT, HEAT AND POWER PLANTS.				
Mar. 31	Power house	New Orleans, La.		Mar. 8
Apr. 2	Electric equipment	New York, N. Y.		Mar. 22
Apr. 3	Electric supplies	Charleston, S. C.		Mar. 29
Apr. 3	Street lighting	Philadelphia, Pa.		Mar. 29
Apr. 4	Transmission line poles	Chicago, Ill.		Feb. 8
	Advertised, Eng. News, Feb. 8.			
Apr. 9	Light & power plant	Fullerton, Cal.		Mar. 1
Apr. 9	Light plant	Rockmart, Ga.		Mar. 29
Apr. 10	Power plant	Danville, Pa.		Mar. 22
	Advertised, Eng. News, Mar. 22 and 29.			
Apr. 14	Light plant	Grand Island, Neb.		Mar. 29
Apr. 16	Light & power plant	New York, N. Y.		Feb. 22
Apr. 30	Power plant for sale	Erindale, Ont.		Mar. 22
	Advertised, Eng. News, Mar. 22 to Apr. 5.			
No date.	Gas pipe line	Cincinnati, O.		Feb. 15
No date.	Power plant	Goodwater, Ala.		Mar. 1
BRIDGES.				
Mar. 29	Superstructure	Dayton, O.		Mar. 15
Mar. 30	Viaduct	Columbus, O.		Mar. 15
Mar. 30	Bridge	Port Huron, Mich.		Feb. 15
	Advertised, Eng. News, Feb. 15 to Mar. 15.			
Mar. 30	Bridges, culverts	Indianapolis, Ind.		Mar. 29
Mar. 31	Bridge	Custer, S. Dak.		Jan. 25
Apr. 2	Concrete bridges	Frankfort, Ind.		Mar. 15
Apr. 2	Bridges	Rensselaer, Ind.		Mar. 29
Apr. 3	Bridge	Garner, Ia.		Mar. 29
Apr. 3	Bridges	Grand Forks, N. Dak.		Mar. 15
Apr. 3	Bridges	Crawfordsville, Ind.		Mar. 15
Apr. 3	Bridge	Colfax, Wash.		Mar. 1
Apr. 4	Bridge	Nevada City, Cal.		Feb. 15
Apr. 4	Concrete bridge	Denver, Colo.		Mar. 15
	Advertised, Eng. News, Mar. 15 and 22.			
Apr. 4	Steel and concrete bridges	Cleveland, O.		Mar. 22
Apr. 4	Bridges	Wabash, Ind.		Mar. 29
Apr. 4	Bridge	Calhoun, Ga.		Mar. 29
Apr. 5	Bridges	Fort Pierre, S. Dak.		Mar. 29
Apr. 6	Bridges	Goldendale, Wash.		Mar. 8
Apr. 6	Ferry bridges	New York, N. Y.		Mar. 29
Apr. 6	Bridge	Tacoma, Wash.		Mar. 29
Apr. 7	Bridge	O'Neill, Neb.		Mar. 29
Apr. 10	Steel bridge	Coeur D'Alene, Idaho		Mar. 15
Apr. 28	Bridges	Garden City, Kan.		Mar. 29
	Advertised, Eng. News, Mar. 29 to Apr. 19.			
Apr. 30	Iron draw-bridge	Belzona, Miss.		Mar. 15
	Advertised, Eng. News, Mar. 15 to Apr. 19.			
BUILDINGS.				
Mar. 30	School	Fullerton, Cal.		Feb. 22
Apr. 1	Laundry	Warren, O.		Feb. 22
Apr. 2	Marble, mosaic, tile work	Chicago, Ill.		Mar. 15
Apr. 3	Building	Pierre, S. Dak.		Feb. 15
Apr. 3	Jail	Mobile, Ala.		Mar. 8
Apr. 4	Hospital building	Utica, N. Y.		Mar. 22
	Advertised, Eng. News, Mar. 22 and 29.			
Apr. 4	Building, Agricultural College	Mich.		Mar. 29
Apr. 4	School, Fall River	Mass.		Mar. 29
Apr. 5	School	Buffalo, N. Y.		Mar. 29
Apr. 5	Library	San Mateo, Cal.		Mar. 22
Apr. 5	Court-house	Newton, Kan.		Mar. 15
Apr. 6	Court-house	Ocala, Fla.		Mar. 22

RAILWAYS.

The names of parties awarded contracts are printed in capital letters.

ALEXANDRIA, BAYOU, MACON & GREENVILLE.—We are officially advised that the survey for this line in Louisiana is the same as that made by the St. Louis & San Francisco R. R. Co. for its line between Marion and West Baton Rouge, La., for which surveys are being made. J. F. Hinckley, Ch. Engr., St. L. & S. F. R. R., at St. Louis, Mo.

ATLANTA & ST. ANDREWS BAY.—We are officially informed that W. S. WILSON, of Dothan, Ala., has contract for building the section of this railway between Dothan, Ala., and Cottondale, Fla., 31 miles. Under date of March 19, G. H. Purvis, Vice-Pres., Atlanta, Ga., advises us that 14 miles of rail have been laid on this 31-mile section. This project was fully noted on March 15.

CANADIAN PACIFIC.—We are officially advised that in 1906 there will be 867½ miles of new work under construction. The C. P. Ry. Co. is increasing its mileage steadily and at the close of the present year the mileage probably will have reached 10,000 miles. The following is a list of construction operations to be undertaken this season: "Sudbury to Toronto: This line, which will give a short route for western traffic to and from Toronto, Ont., is a very heavy piece of work on account of the deep rock cuts and large structures required, and is being built with a maximum grade of .3 of 1%. On account of the very slight curvature and extraordinary low grades, it will be possible for an engine to haul 60 loaded freight cars. Locally, this line will open up a great many splendid summer resorts in the Muskoka district, giving access to Bala and other points of interest. It also taps the extensive timber lands of the Georgian Bay district, and the harbors of Parry Sound, Byng Inlet and others. It will also facilitate transportation from the rapidly developing mining district north of Sudbury. The great mining activity in an about Sudbury will be greatly furthered by its construction. This line will also afford transportation facilities to a portion of Ontario, north of Toronto, but especially to the people of the county of Simcoe, including Barrie and other towns. Guelph & Goderich: The line from Guelph to Goderich traverses the counties of Wellington, Waterloo, Perth and Huron, giving splendid high grade lines from Goderich, on the shores of Lake Huron, direct to Toronto. This line when completed will give a great impetus to the commercial development of Guelph and Goderich, and the many towns between, including Elmira, Linwood, Milverton, Blyth, and others of lesser importance. Several branches are contemplated in connection with this line, to connect it with Stratford and Listowel. Apart from the grain and other through traffic which this line will handle, it will also make Goderich a favorite summer resort, on account of the new fast service to and from Toronto. Wolseley to Reston: West of Lake Superior a good deal of construction work is to be carried on. This new Wolseley-Reston line, which is 122 miles in length, runs from Wolseley on the main line in Saskatchewan in a southeasterly direction, to a connection with that portion of the Souris branch which runs from Souris to Regina. This line has been pushed with great rapidity, and it is expected that grain will be hauled over it this fall. It has opened up a country which has heretofore been too far from the main line of the Canadian Pacific Railway to allow the farmers to economically market their wheat. This country is fairly well settled, and the Wolseley-Reston branch will materially aid in peopling its vacant lands. J. D. McARTHUR, of Winnipeg, Man., has contract for completing this branch, about 40 miles. Pheasant Hills Extension: This line, which starts on the main line of the Canadian Pacific Ry. at Kirkella, is constructed as far as Strasburg, on the western side of Last Mountain, some 200 miles, and will be extended from there in a northerly and westerly direction, passing through Saskatoon, and thence westerly to a junction with the Wetaskwin branch, on the Calgary & Edmonton Railway, giving another through line between Edmonton and Winnipeg. The line immediately north of Strasburg will be joined from the east by the extension of the Manitoba & North Western Railway from Curzon. The country along this latter branch, passing to the south of Quill Lakes, is being rapidly settled. This branch will also be joined by a line from the southwest from Lacombe, on the Calgary & Edmonton Railway, and altogether promises to become a great highway in the west to Winnipeg, with a view to the future grain carrying trade. Extension of the M. & N. W. Line: This forms an extension from the present terminus at Sheho northerly about 15 miles to Curzon, thence in a due westerly direction, through the rapidly settling country south of Quill Lakes. This branch will, as stated, make a junction with the Pheasant Hills branch of the Canadian Pacific Railway which is now being extended from Strasburg, on the west side of Last Mountain Lake, in a northerly and westerly direction. The country which will be immediately served by this extension lies between Quill Lakes and the Touchwood Mountains and is well watered and very fertile. The big Touchwood Mountains furnish an unlimited supply of timber for building purposes. About 40 miles of this line will be built this year. Gimli Extension: This line is an extension of the Winnipeg Beach Branch in Manitoba. From Winnipeg Beach, which has already become a great summer resort of Winnipeg, the line will skirt the shores of Lake Winnipeg to Gimli, an old Icelandic fishing settlement. This line will afford rapid transit for the great fishing industry on Lake Winnipeg, which is carried on extensively. J. D. McARTHUR, of Winnipeg, has the contract for this work. Teulon Extension: The Teulon extension is a branch of the Canadian Pacific Ry., which runs from Winnipeg to Teulon, through well known places like Stony Mountain and Stonewall. It will carry the line some ten or twelve miles further into the heart of the fertile country west of Lake Winnipeg, and afford easy shipments to splendid markets at Winnipeg, for the produce of the hardy Scandanavians who largely people the district. Lauder to Broomhill: The line from Lauder to Broomhill on the Souris branch, betwen Souris and Napinka, will run 20 miles in a westerly direction, through the wheat fields of southwestern Manitoba. This line will serve the thickly-settled country between the north portion of the Souris branch, and the southerly one towards Estavan. This line is principally built for the purpose of affording easy shipment for the grain of this district, which heretofore had to find its way by wagon haul to Melita or Napinka, on the south, or Reston or other stations on the north. Moosejaw North: The branch which is now building, and will be completed this fall for the shipment of grain, extends a distance of 14 miles north of Moosejaw, into the long-settled wheat district around Malbrough, and south of High Pound Lake, which has heretofore found its outlet through Moosejaw and Pasqua on the main line. Wetaskiwin Branch: 40 miles south of Edmonton is Wetaskiwin, from which a branch has already been built in an easterly direction through a well-settled country for 50 miles. During the present year this branch will be extended another 50 miles, which will take it to the Battle River, where it will be met by the extension of the Pheasant Hills branch, and together they will form the new through line of the Canadian Pacific Ry. from Edmonton to Winnipeg. Nicola & Kamloops Railway: The Nicola & Kamloops Ry., 40 miles of which has been under construction for some time, runs from Spence's Bridge, B. C., on the main line of the Canadian Pacific Ry. into the mountains toward the fertile valley of Nicola Lake. This country has long been settled by many ranchers and farmers, and is noted for its excellent climate, scenic picturesqueness and fruit growing capabilities. The fruit industry heretofore has remained undeveloped, on account of the lack of quick transportation for delivering the crop to markets, but with the advent of the railroad, it is expected that many of the ranchers will turn their attention to fruit raising, and provide another source of supply to the settlers on the prairie."

CANADIAN NORTHERN.—It is said that this company will build a 92-mile extension from Etoimian, on the Prince Albert branch, northeasterly. The extension, according to George H. Shaw, Traffic Manager, of Winnipeg, will tap the Carrot River country, considered one of the best wheat regions in Canada. Next year, probably, the extension will go through to Fort Churchill, on the west coast of Hudson Bay. On the main line, which now reaches Edmonton, two extensions, each of 25 miles, will be built this season. One will go north toward Athabasca Landing, 80 miles distant, and the other will go west in the direction of the Pacific Coast terminus.

CHICAGO & NORTHWESTERN. — This company will soon begin work of elevating the tracks of the Galena division from 42d Ave., Chicago, where the elevation now stops, to Oak Park, a distance of three miles. The work is in charge of C. S. Hall, Engr. Track Elevation, at Chicago, It will cost approximately $1,000,000, bringing the total spent by the road for this purpose in Chicago up to $10,000,000. E. C. Carter is Ch. Engr., Chicago.

CARNIFEX & EASTERN.—This company has been chartered at Charleston, W. Va., to build a railroad from Carnifex Ferry, in Nicholas County to Lewisburg, in Greenbrier County, about 40 miles. The incorporators are W. A. MacCorkle, W. G. MacCorkle, J. E. Chilton, T. R. English, Jr., and T. S. Clark, all of Charleston.

CHICAGO.—Provisions for the elevation of 14 miles of main and 70 miles of side tracks are made in an ordinance which Alderman Joseph Badenoch of the Thirty-second Ward will submit to the city council. The ordinance will abolish 79 grade crossings and provides for 87 subways. The elevation will cost 85,348,345. The tracks of the following roads will be elevated if the ordinance is passed: Wabash railway, from 73d and Wallace Sts. to Hoyne Ave.; The Rock Island, from 72d to 95th Sts., its suburban and "Y" tracks from 87th to 91st Sts., and Beverly station; The Western Indiana, 70th to State Sts., passing under the tracks of the Rock Island and its Dolton branch, from a point in its 87th St. yards to the South Chicago branch of the Rock Island. The Belt railway, its main tracks and "Y" from Wallace St. to Hoyne Ave. The ordinance will be sent to the track elevation committee. John O'Neill is Track Elevation Expert, 204 City Hall.

DARDANELLE, OLA & SOUTHERN.—We are advised by C. C. Godman, Pres., Dardanelle, Ark., that contract for building this railroad from Dardanelle to Ola, Ark., 22 miles, has been awarded to the H. S. GODMAN CONSTRUCTION CO., of Dardanelle. Survey has been made and right-of-way and capital secured. John McCarthy is Ch. Engr., at Dardanelle. Noted last week.

LIBERTY-WHITE R. R.—J. Turner Burke, Ch. Engr., McComb, Miss., writes us that contract has been let to MUNSON & WITTE, Baton Rouge, La., for building extension from McComb to Holmesville. W. M. White is Gen. Mgr. and Vice-Pres. It is planned to extend the line from McComb to Liberty (now in operation), to Natchez, Holmesville and Columbia, a total of 105 miles. Right-of-way is secured and surveys made from McComb to Holmesville. Capital is secured. Surveys have not been completed yet from Liberty to Natchez and from Holmesville to Columbia. Construction will commence about April 1.

LOUISVILLE & NASHVILLE.—KREIS BROS., of Knoxville, Tenn., have been awarded contract for building a 4-mile branch to Maryville.

MIDLAND RY. OF MANITOBA.—Contract for grading this line from Portage la Prairie, Man., to the international boundary, about 90 miles, has been awarded to A. GUTHRIE & CO., of St. Paul, Minn.

NEW ORLEANS GREAT NORTHERN.—We are officially advised that FRANK GRECO has contract for proposed branch up the Boque Chitto Valley through Franklinton to Tylertown, La. Surveys and right-of-way are about completed. Capital is secured. J. F. Coleman is Ch. Engr., New Orleans, La.; F. H. Goodyear is Pres., at Buffalo, N. Y.

PAYETTE VALLEY R. R.—F. S. Murphy, 73 Main St., Salt Lake City, Utah, Secy. of this company, informs us that contracts will be let about April 1 for construction of this line. It will extend from Payette, Idaho, to New Plymouth, 15 miles distant. Surveys are finished and right-of-way and capital secured. C. W. Nibley is Pres., Salt Lake City; William Noot is Ch. Engr., at Payette. Contracts nave been awarded for ties and rails.

PEORIA & PEKIN UNION RY.—Stanley Millard, Ch. Engr., of the Peoria & Pekin Union Ry. Co., Peoria, writes us that contracts have been let for the construction of a gravity yard in East Peoria, containing 23 miles of tracks, involving about 140,000 cu. yds. of excavation and 2,000 cu. yds. of concrete for which bids were received on March 20, as follows: Steel bridges, WISCONSIN BRIDGE & IRON CO., Milwaukee, Wis.; grading and masonry, J. J. JOBST, Peoria; rails, CAMBRIA STEEL CO., 71 Broadway, New York City; cross-ties, WESTERN TIE CO. (Advertised, Engineering News on March 8.

YOSEMITE VALLEY.—N. C. Ray, Ch. Engr., Mills Bldg., San Francisco, Cal., states that 40 miles have been graded on this road, from Merced, Cal., to the Yosemite Valley, and that 13 miles of track have been laid. The route is from Merced northeasterly, via Hopeton, Snelling, Merced Falls and Bagley. The company is doing its own construction work. F. G. Drum is Pres., Mills Bldg., San Francisco.

ELECTRIC RAILWAYS.

The names of parties awarded contracts are printed in capital letters.

NORWICH, CONN.—The Connecticut Railroad Commissioners have approved the plans and the method of construction of the new Preston, Ledyard and North Stonington Railroad. This road is to extend from Norwich to the northerly part of the village of Westerly, passing through the village of Old Mystic and Ledyard to Norwich and from there will go down along the Thames River to New London.

HARTFORD, CONN.—In a recent speech to the Get-Together Club, of this city, C. S. Mellon, Pres. of the New York, New Haven & Hartford R. R. Co., stated that this company has plans for a great combination of steam and electric service for its suburban traffic. The scheme in brief is to run electric trains on the main line of the company from the suburban points. These trains will make the same speed that the ordinary suburban trains would. Instead of going into the stations, however, they will be switched off the main line after entering the cities, and will run on the street railway tracks, giving the same service as street cars. This is the second step in the plan under which the railroad recently has acquired many street railroads throughout Connecticut. Large expenses will be made necessary, as special cars, heavy enough to make speed on the main railway line, but light and small enough for the street traffic, must be provided. It will be necessary also to lay new rails in the street in many instances.

SYRACUSE, N. Y.—It has been decided to adopt the third-rail system on the West Shore R. R., controlled by the New York Central & Hudson River R. R., between Syracuse and Utica, a distance of 60 miles. W. J. Wilgus, Vice-Pres., New York, is in charge of new construction. For the electrification of the West Shore between this city and Utica the contract for the electrical equipment has been let to the GENERAL ELECTRIC COMPANY, Schenectady, N. Y., amounting to about $110,000. The contract for 15 interurban cars and trucks has been let to the J. G. BRILL CO., St. Louis, Mo., amounting to about $90,000. The contract for the sub-stations is to be let. Limited cars will start on the hour and make the run of 48 miles in one hour and 20 minutes, about ten minutes slower than the average time of the limited trains over the Central's stretch of 54 miles between the same cities. The limited cars will stop only at the city limits, Canastota and Oneida. It is expected that the first car will make the trip about October 1st, and that the fare will be reduced to 1½ cts. per mile.

BROOKLYN, N. Y.—It is stated that the Brooklyn Rapid Transit Co. contemplates the expenditure of about $7,000,000 for improvements of its roads. Edwin W. Winter, 85 Clinton St., Brooklyn, is Pres. W. S. Menden is Ch. Engr.

PHILADELPHIA, PA. — Mayor John Weaver has received a communication from the Philadelphia & Western R. R. Co., which proposes to build an elevated and underground railway from 63d and Market Sts., the western boundary of Philadelphia, across the city to the Delaware River, a distance of about five miles. The proposed line, if constructed, will parallel the elevated and underground railway now being built by the Philadelphia Rapid Transit Co. The general character of the contemplated railway is similar to the line now under construction; that is, an elevated road from 63d St. to the eastern bank of the Schuylkill River, where the elevated railway trains will dip into a subway which will extend to the Delaware River. One-half of the Philadelphia Rapid Transit Co.'s subway is completed and in operation. W. H. Ford is Ch. Engr. of the P. & W., West End Trust Bldg., Philadelphia. This company is now building a line to Parkesburg from the Philadelphia County line, 44 miles. The Philadelphia Rapid Transit Co., on March 20, agreed to complete within three years, subways under several streets in the business center of the city, and an elevated railway from the southern section of Philadelphia to the extreme northeastern section. The company surrenders franchises for lines on Broad St., for the elevated railway and the franchise for a subway on Chestnut St., which, it is believed, will enable the Philadelphia & Western Ry. to construct its proposed line from Philadelphia through the heart of the city to the Delaware River, connecting with its road to Parkesburg. The Philadelphia & Western Co. will also pay to the Philadelphia & Reading Ry. grade crossing damages to be used in abolishing grade crossings. Charles O. Kruger is Gen. Mgr., 820 Chestnut St.

EBENSBURG, PA.—The Ebensburg & Blacklick Electric Ry. Co. has been organized to build an electric railway from Ebensburg to Blacklick via Twin Rocks, Expedite, Vintondale, Wehrum, Barnesboro, Nanty-Glo, Twin Rocks, Expedite, Vintondale, Lilly, Ashville, Heshbon and other points. The officers are: President, Capt. Thomas Davis; Secretary, W. Hamilton; Treasurer, Charles Berger; Treas., Robert Schoonover; Solicitor, Thomas Apel and T. Kruger. In addition to these officers, the following are among the promoters: A. J. Peach, W. M. Kimball, H. Thomas, Staunton Davis, all of Ebensburg.

PITTSBURG, PA.—J. D. Callery, Pres. of the Pittsburg Railways Co., announced that the Castle Shannon Ry. Co. is being formed to build the remainder of the 11-mile link between Pittsburg and Washington, and that it will connect with the Washington line at Castle Shannon. Construction of the line will cost $1,000,000. Application for a new charter has been made. The proposed new line will connect with the Charleroi line at Castle Shannon and will run from there to a point on the Library road, 3 miles from Washington road to the Pittsburg and southwesterly direction. The line will be a double track. The incorporators of the company are C. W. Lepper, E. J. McCarthy, and W. J. Horner, all of Pittsburg, and J. Woods, of Pittsburg.

BALTIMORE, MD.—Bids will be asked by the Roberts & Abbott Co., Land Title Trust Bldg., Baltimore, until April 25 for approximately 12,000 cu. yds. of masonry, 740,000 ft. B. M. of timber and 21,000 lin. ft. of piling for the Washington, Baltimore & Annapolis Electric Ry. Plans and specifications are on file at offices of the engineers, Schofield Building, Cleveland, O., and at Baltimore. Copies will not be forwarded. Contract calls for 860,000 cu. yds. and for laying a double-track line has been awarded to the FIDELITY CONSTRUCTION CO., of Detroit, Michigan.

ALBANY, GA.—A committee has been appointed to investigate the advisability of the municipal ownership for the street railway which is to be built in Albany. The city now owns all its public utilities. John A. Betjeman, Secy of Business Men's League, is interested.

CINCINNATI, O.—In his annual report, James C. Ernst, Pres. of the Cincinnati, Newport & Covington Light & Traction Co., announced that the company will spend $175,000 in improvements this year. The money will be expended in the installation of a 2,500-HP. turbine and generator, a new switchboard, 2,000 HP. of boilers and auxiliary equipment, largely for the lighting department of the company. Ten new cars will be purchased and about two miles of extension laid in Newport, Ky., and vicinity. C. W. De Forest is Ch. Engr., Newport, Ky.

CINCINNATI, O.—Contract for grading the extension from Russellville to West Union, 15 miles, has been awarded to A. H. COBN, of West Union. H. E. Sawyer, Cincinnati, is Gen. Supt.

FORT WAYNE, IND.—We are officially advised that the Fort Wayne, Logansport & La Fayette Traction Co. will let contracts for construction of its line between April 1st and 10th. Capital for construction is secured. C. D. Emmons is Gen. Mgr.; H. L. Weber is Ch. Engr. and R. M. Feasel is Asst. Ch. Engr., all at Fort Wayne. The line will extend to Logansport, Delphi and La Fayette, about 36 miles. Noted on March 15th.

CHAMPAIGN, ILL.—The Illinois Traction System will build a new line due west from Champaign to Decatur. Material for construction is purchased. The new line will be over 40 miles in length. The city has granted the company a 50-year franchise for use of certain streets. L. E. Fischer, Danville, Ill., is Gen. Mgr.

MILWAUKEE, WIS.—M. D. Wood, who is associated with the Rock Valley Land Company, at Juneau, Wis., is reported to be interested in the Co-operative Construction Co., a $100,000,000 corporation, which has contracted to build an air line of electric road between Chicago and New York, the distance to be made in ten hours. It is reported that the trains of the company will make 100 miles an hour. The officers are Jonathan D. Price, Pres.; F. H. Wood, Vice-Pres.; Charles W. Chase, Secy., and Lewis E. Woodward, Treas.

FREMONT, NEB.—Plans are under way for building an electric railway here. E. N. Morse is reported as being interested.

REDDING, CAL.—John B. Rogers, Pres. of the Redding & Red Bluff Ry. Co., 418 Shreve Bldg., San Francisco, advises us that contract for construction of this railway is awarded to C. E. LOSS, Flood Bldg., San Francisco. W. J. Nicholson is Ch. Engr. at Redding. The line will be about 33 miles in length, extending from Redding to Red Bluff. Surveys are under way. Capital stock is $800,000.

RYOLITE, NEV.—F. L. Wright, of South Bullfrog, is interested in plans for an electric plant for power and light purposes and for an electric railway in that district.

NEW WESTMINSTER, B. C.—The Canadian Pacific Railway Co. has obtained control of the majority of the shares of the Fraser Electric Tramway, projected between Chilliwack and New Westminster, and planned to be built next summer.

LIGHT AND POWER PLANTS.

The names of parties awarded contracts are printed in capital letters.

PORTLAND, ME.—It is officially announced that the Portland Electric Lighting & Power Co. is about to erect a new power-house. H. Mather is Gen. Mgr.

BATH, ME.—The council has awarded a contract to the SAGADAHOC LIGHT & POWER CO. for lighting the city for a term of five years.

MANSFIELD, MASS.—It is reported that $30,000 has been voted for the improvement of the city electric plant. J. E. Arthur is Mgr.

FALL RIVER, MASS.—The contract for constructing the foundations for the new power-house of the Fall River Electric Light Co. has been awarded to BEATTIE & WILCOX.

ORANGE, MASS.—The Orange Electric Light Co. will put in two new three-phase generators, enclosed arcs and a new steam plant. E. O. Horton is Mgr.

FITCHBURG, MASS.—The Fitchburg Gas & Electric Light Co. has awarded contracts for Mackintosh & Seymour engines of 1,500 HP. and a General Electric Co. alternating current generator of 1,000 KW.

ENDICOTT, N. Y.—The village has contracted with the GENERAL ELECTRIC CO. for the installation of a lighting system.

NEW YORK, N. Y.—The following bids for two turbo-alternators for the New York Navy Yard have been received: The Westinghouse Machine Co., 10 Bridge St., New York, N. Y., (item 3) $39,532, (item 4) $40,-722; General Electric Co., Schenectady, N. Y., (item 1) $45,678, (item 2) $45,696; Allis-Chalmers Co., 346 Clinton St., Milwaukee, Wis., (item 3) $33,500, (item 4) $34,300, add $1,000 for exciter set.

NEW YORK, N. Y.—Plans have been filed for the enlargement of the power station and car-house of the New York City Street Railway Co. on the block from 128th to 129th Sts., in Amsterdam Ave. The improvements are to cost $150,000.

BLOOMFIELD, N. J.—The Westinghouse Electric Co., 111 Broadway, has purchased several acres of land in the Watsessing section of Bloomfield, along the Erie and Lackawanna Railroads, and will spend $1,-000,000 in erecting and installing a large plant.

WAYNESBORO, PA.—The council has entered into a five-year contract with the WAYNESBORO ELECTRIC LIGHT & POWER CO. to furnish street lighting for the town, at a cost of $92.50 a year for each arc light.

HAWLEY, PA.—V. A. Decker, F. C. White and Lewis P. Cooke are reported to have purchased the plant of the Hawley Electric Light Co., and will expend about $20,000 in improvements.

WILKESBARRE, PA.—Bids are asked until 8:30 p. m., March 29, for street lighting. J. T. Flannery is City Clk.

POTTSVILLE, PA.—The Tremont borough council has awarded contract for the street lighting to TREMONT & PINEBROVE ELECTRIC LIGHT CO., at $1,234 per year.

HAZLETON, PA.—The Mayor is reported to have signed the ordinance granting the Peoples' Consumers Co. a franchise for an electric light plant. Harry Mohr, of Hazleton, is interested.

SOMERSET, PA.—The Somerset Electric Light, Heat & Power Co. will erect a large central station here, to supply light and power to all nearby towns. J. M. Bricker is Mgr.

PHILADELPHIA, PA.—Bids are asked until April 3, by the Bureau of Lighting, for lighting street lamps and furnishing lamp posts. Thos. L. Hicks is Dir. Pub. Wks.

TOWSON, MD.—The County Commissioners have awarded to the MT. WASHINGTON ELECTRIC LIGHT & POWER CO. the contract for lighting Roland Park, Evergreen Park and Tuxedo Park. T. W. Offutt is Pres.

ELLICOTT CITY, MD.—The Patapsco Electric & Mfg. Co. will build a new concrete steel dam on the Patapsco River at a point below Ellicott City. The contract has been awarded to the AMBURSEN HYDRAULIC CONSTRUCTION CO., of Boston, for immediate execution. A special feature of this development is that the power house containing three 500-HP. units is entirely within and underneath the roll way, the water passing over the power house. H. Von Schon, of Detroit, is Engr.

EMPORIA, VA.—It is stated that bids will soon be asked for the construction of a dam and power-house for the Greensville Water Power Co. here.

DANVILLE, VA.—The council has authorized Frank Talbott, Supt. and Treas. of city gas plant, to prepare plans and preliminary estimates for the improvement of the gas plant; probable cost $40,000.

COLUMBIA, S. C.—The Pintsch Compressing Gas Co. of New York City, will erect a $40,000 gas plant here. J. A. Dixon is Gen. Mgr.

CHARLESTON, S. C.—Bids are asked until April 3 by the Bureau of Supplies and Accounts, Navy Department, Washington, D. C., for furnishing at the Navy Yard, Charleston, arc lamps, lightning arresters, poles, etc. H. T. B. Harris, Paym. Gen., U. S. N.

ROCKMART, GA.—Bids are asked until April 9 by A. H. Graefer, City Clerk, for equipment for electric light plant, including boiler, high-speed engine, heater, pumps, switchboard, series arc-light system, electric light and steam material and building. Joseph M. Roman & Co., Century Building, Atlanta, Ga., are Engrs.; J. A. Fambro is Mayor.

WAYCROSS, GA.—J. E. Dempsey, Gen. Mgr. Waycross Gas Works, writes that bids will probably be called for in 90 days for the construction of a gas plant, to cost about $40,000.

CARTERSVILLE, GA.—The city contemplates the construction of an electric light plant and desires to correspond with parties competent to plan and estimate cost of same. Address Geo. S. Webb, Chn. Electric Light Com.

OPELIKA, ALA.—Arthur R. Law, of Philadelphia, has been granted the franchise for a gas plant to be completed in 15 months.

NORTH BIRMINGHAM, ALA.—The citizens have voted to issue $10,000 bonds for an electric light plant. W. C. Harkins is City Treas.

DOTHAN, ALA.—Contracts for the municipal electric light plant, to cost about $10,-000, are reported to have been awarded as follows: To the CROCKER-WHEELER CO., of Ampere, N. J., for dynamos; the HARRISBURG MACHINE & FOUNDRY CO., Harrisburg, Pa., for the engines, and the ADAMS-BAGNALL ELECTRIC CO., of Cleveland, O., alternating arc lights.

HOMER, LA.—The Town Council has granted a franchise to Ed. Sawyer, of Ruston, to install an electric lighting system there, the plant to be in operation within six months.

ESSEX, LA.—The Electric Light & Power Co.'s plant will be rebuilt, the stock increased by $25,000 and the whole system enlarged and improved.

NEW ORLEANS, LA.—The New Orleans Lighting Co. will erect a gas plant at Algiers at a cost of $25,000.

DAYTON, O.—The council has granted a franchise to the Dayton Citizens' Electric Co. Cyrus E. Mead & Co., of Dayton, Consulting Engrs., state that the plant contemplated by this company will cost $1,500,000. Valentine Winters, Pres. S. W. Davies, Secy.

COLUMBUS, O.—The House is reported to have passed the bill appropriating $25,000 to install an electric light and power plant in the State House.

SOUTH BEND, IND.—D. M. Shively is at the head of a company proposing to build and equip a gas plant in this city.

ELKHART, IND.—The Elkhart Gas Co. will spend $50,000 on improvements on the plant, including a 200,000 cu. ft. gas holder and new mains and connections.

INDIANAPOLIS, IND.—Bids are asked until March 30 by the Board of Park Commissioners for incandescent lighting in the parks of the city. B. H. Miller is City Engr.

CANNELTON, IND.—The city council is stated to have instructed the Lighting Committee to procure bids for the reconstruction of the electric light building recently burned, which will contain new machinery.

BIRMINGHAM, MICH.—T. Nason, of Birmingham, is about to start the construction of a new gas plant, according to reports.

ALLEGAN, MICH.—Franchise to construct and operate a gas plant has been awarded to A. J. Coburn and associates.

BERRIEN SPRINGS, MICH.—F. A. Bryan, of South Bend, Ind., Gen. Mgr. Berrien Springs Water Power Co., writes that the proposed power plant to be constructed on the St. Joseph River will cost about $500,000.

THREE RIVERS, MICH.—D. Frank Pashby, of Detroit, has been awarded a franchise for a gas plant here.

Irvin Butterworth, Pres. & Gen. Mgr. Grand Rapids Gas Light Co., states that it is proposed to install water gas set, gas holder, meter shop, warehouse, etc.

CONSTANTINE, MICH.—A hydro-electric power plant will be constructed on the St. Joseph River below this point. Plans and specifications are being prepared by H. von Schon, Engr., of Detroit.

PEORIA, ILL.—The contract for wrecking the Engel buildings and excavating 10,000 cu. yds. of earth, preparatory to erecting the new power house of the Illinois Traction Co. on Walnut St., was let to J. J. JOBST of this city.

MENDOTA, ILL.—The Mendota Gas Co. is reported to have decided to construct a pipe line from Mendota to Plano. The cost of the proposed work is about $75,000 and includes a new holder, 31 miles of high-pressure mains, forcing station, etc.

WALTHAM, MASS.—The following bids have been received for the construction of the new reservoir here: P. Malloy & Sons, Boston, $37,997; Bell Engineering & Construction Co., 220 Broadway, N. Y., $33,687; Coleman Bros., 15 Court Sq., Boston, $30,-295; Simpson Bros., Corp., 166 Devonshire St., Boston, $23,286.

PROVIDENCE, R. I.—Bids are asked until 11 a. m., April 4, by the Department of Public Works, for about 1,600 tons of 12 and 16-in. c. i. pipe. Walter F. Slade is Comr. (Advertised, Engineering News.)

PROVIDENCE, R. I.—It is reported that the Board of Aldermen has passed a resolution providing for the extension of the high-pressure water service, from West Exchange St. to Olneyville Sq., with branches on other streets, to cost in all about $86,000. Otis F. Clapp is City Engr.

AUBURN, N. Y.—Specifications for laying intake pipe, as noted in issue of March 15, are on file at offices of Engineerings News, New York, Chicago, and Washington. Bids to be opened April 11. J. F. Skinner, Rochester, is Engr.

MALONE, N. Y.—It has been decided to build a new municipal water-works system. R. McC. Miller is City Clk.

NYACK, N. Y.—Geo. H. Sherman, Supt. Water-Works, has prepared estimates for the construction of a new pumping main to cost about $18,000.

ASBURY PARK, N. J.—Bids are asked until noon, April 18, for cast-iron pipe and specials, hydrants, water cranes, etc. John L. Coffin is Supt. Dept. of Water and Sewers. (Advertised, Engineering News.)

EAST ORANGE, N. J.—The following bids have been received for furnishing and laying pipes, etc., as noted in issue of March 15: M. J. Drummond & Co., c.-i. pipe and specials, $15,320; laying pipe and connecting wells, Stone & Lutz, $18,438; S. B. Opdyke, $25,359; Robt. W. Smith, $24,703; P. H. & J. Conlan, $22,905; McCay Engineering Co., $14,396; centrifugal pump and electrical machinery, B. K. Baseler & Co., $3,835; Bellman & Sanford, $4,670, and McCay Engineering Co., $4,270. C. C. Vermuele is Engr.-in-Charge.

ERIE, PA.—The WALKER FOUNDRY CO. has been awarded the contract for about 40 tons of gray iron castings at $2.75 per 100 lbs. Benj. E. Briggs is City Engr.

PHILADELPHIA, PA.—Specifications for the pumping machinery to be installed at the Torresdale Filter Station are on file at offices of Engineering News, New York, Chicago and Washington. Bids to be opened April 26. C. E. Gillette, Ch. Engr.

NEW CASTLE, DEL.—It is reported that the New Castle Water-Works Co. will remodel its plant at a cost of $50,000.

MANCHESTER, VA.—Contract for the filter plant, noted in issue of March 22, has been awarded to the ROBERTS FILTER CO., of Philadelphia, at about $20,000.

TIFTON, GA.—Bids are asked until April 2 by Leon A. Hargraves, City Clk., for driving an 8-in. well for city water supply. Arthur Pero, 619 Temple Court Bldg., Atlanta, is Engr.

EMPORIA, VA.—It is s... Greensville Water Power Co... vertise for bids for the c... 36-ft. stone dam and install... ery that will develop about ... Meherrin River at this place.

ATLANTA, GA.—The Co... priated $14,770 for the c... reservoir. R. M. Clayton ...

MARIETTA, GA.—Bids ... Georgia Manufacturing & P... for building a dam, pipe l... building for filter plant.

FORT DE SOTO, FLA.—... until March 31 by Lieut. A... Const. Q. M., U. S. A., ... two water tanks at this post.

ATHENS, ALA.—Bids ... April 16 for the construction ... here. Address the Mayor.

HATTIESBURG, MISS.—B... until 7.30 p. m., April 10, by Board of Aldermen, for the ... a water-works extension, sa... sewers, street paving and c... concrete abutments. C. W. ... Richard C. Huston, City E... tised, Engineering News.)

BATON ROUGE, LA.—Plan... tions for the construction of ... system are being prepared. ... City Engr.

NEW ORLEANS, LA.—It ha... to construct an entirely new ... Plans are being revised. Ge... Gen. Supt. Water Dept.

KNOXVILLE, TENN.—Wate... bonds to the amount of $750,0... ordered sold by the Council. ... new system is planned. W. C. ... Engr.

OWENSBORO, KY.—The ... WRIGHT MACHINE WORKS, ... pany, has secured contract for ... wells, at $8,115. E. B. Shipley ...

BOWLING GREEN, O.—It is ... the water-works company here ... auxiliary plant during the ... tests are now being made. John ... City Engr.

MUNCIE, IND.—It is reported that Board of Public Works has made a new ... 20 years with the Muncie Water ... and it is stated that the company ... struct new sedimentation tank ... water reservoir, and lay out 3 ... pipe. John A. Potter is City E...

NEGAUNEE, MICH.—This city contemplates the installation of 700 water ... addition to the 200 just purchased.

ROCHESTER, MICH.—It has been decided to bond the village for $6,000 to build a system of water-works.

CHICAGO, ILL.—Bids for live steam purifiers at the Chicago Ave. pumping station, as noted in issue of March 8, have been withdrawn. New bids will be asked calling for six instead of three.

Bids are asked until March 29 for repairs at the 39th St. pumping station. J. M. Patterson is Comr.

ROCKFORD, ILL.—Daniel W. Mead, of Chicago, in his report to Council on the pumping station, is stated to have recommended an air lift suitable to care for 2,000,000 or 3,000,000 gallons, including piping, and three new wells with electrically driven pumps, to cost from $35,000 to $40,000.

PARKRIDGE, ILL.—Contract for the erection of a 100,000-gallon water tank as noted in issue of Feb. 1, has been awarded to the CHICAGO BRIDGE & IRON WORKS, at $5,430.

RHINELANDER, WIS.—Bids are asked until March 29 by the Board of Public Works for the construction of a water-works system.

WATERLOO, IA.—Bids are asked until 3 p. m., May 1, by the Waterloo Water Co. for drilling a well to a depth of 1,500 ft. J. E. Sedgwick is Secy. (Advertised, Engineering News.)

ST. PAUL, MINN.—Bids are asked until March 29 by the Board of Water Commissioners for laying water mains in several streets. John Caulfield is Secy.

DULUTH, MINN.—Contract for furnishing 1,700 tons of c.-i. water pipe has been awarded to the U. S. CAST-IRON PIPE & FOUNDRY CO., at $50,940.

BIWABIK, MINN.—It is reported that bonds for $10,000 have been voted to build water-works.

CLOQUET, MINN.—Bids are asked by J. Loisee, City Clk., for a water-works franchise.

HOLTON, KAN.—W. K. Palmer, 718 Dwight Bldg., Kansas City, Mo., has been engaged to prepare plans for water-works, light plant and sewerage system to cost about $80,000.

LLANO, TEX.—A. J. Silker and associates, of Austin, have purchased the local water-works and will make improvements at a cost of about $[illegible].

ROFF, IND. T.—Bids are asked until April 24, by Ralph Lawrence, for all material necessary for the construction of a water-works system. Bids for material only. (Advertised, Engineering News.)

CHICKASHA, IND. T.—Contract for the construction of a water-works and sewer system has been awarded to W. W. COOK & SON, at $[illegible]. J. Dews is City Clk.

ARTESIA, N. MEX.—The Council is reported to have passed an ordinance providing for the issue of $[illegible] bonds for water-works.

WAITSBURG, WASH.—It is proposed to improve the city water plant by the installation of an up-to-date filtration plant.

SEATTLE, WASH.—Bids are asked until March 31 by C. B. Bagley, Secy. Bd. Pub. Wks., for laying water mains on Thackery Pl. at an estimated cost of $18,500.

Contract for laying water mains on East Union St. was awarded to STIRRAT & GOETZ, at $31,710.

HOOD RIVER, ORE.—The Hood River Electric Light & Water Co. is making arrangements to build a reservoir with capacity of 250,000 gallons and a filtration plant. W. H. Chipping is Supt.

PORTLAND, ORE.—Bids are asked until 3 p. m., April 11, by the Water Board for supplying water meter and other supplies for the Water Department. Frank Dodge is Supt.

A 300,000-gallon reservoir is to be built this year by the Woodmere Water Co., which supplies the Arleta section so that capacity of the water plant may be doubled.

SEBASTOPOL, CAL.—Bids are asked until 8 p. m., April 3, by the Board of Trustees for furnishing and laying water mains. J. W. Threlefall is Town Clk.

RIVERSIDE, CAL.—Bids are asked until 2 p. m., April 18, by the Commissioner of Indian Affairs, Washington, D. C., for water irrigation and sewer systems at Sherman Institute. Harwood Hall is Supt.

VICTORIA, B. C.—Bids are asked until April 2 by W. W. Northcott, Purchasing Agent, for water meters, etc.

TORONTO, ONT.—Bids are asked until noon, May 1, by the Chairman Board of Control, for cast-steel pipes and castings and cast iron pipe required for the high-pressure fire system. E. Coatsworth is Mayor and Chn. Bd. Control. (Advertised, Engineering News.)

SEWERAGE.

The names of parties awarded contracts are printed in capital letters.

WILTON, N. H.—It is reported that the sewer system here will be extended to the east end of the village. A. W. Dudley is Engr.

MILFORD, MASS.—Plans for a new sewer system will be prepared as soon as an engineer can be engaged. J. F. Hickey is Chn. Com. in Charge.

FALL RIVER, MASS.—WILLARD M. PETTY has been awarded the contract for furnishing the sewer pipe to be used during the year. P. D. Borden is City Engr.

BEVERLY, MASS.—It is reported that sewers will be laid in Water, Cabot and Porter Sts. and on McKinley Ave., at an estimated cost of $42,750. W. J. Berry is City Engr.

PEABODY, MASS.—Plans have been prepared for a sewerage system to cost about $263,000. C. H. Goulding is Chn. Sewerage Com. F. A. Barbour, City Engr.

NEW BRITAIN, CONN.—Bids are asked until 4 p. m., April 10, by the Board of Sewer Commissioners, for building sewers, manholes, etc. Plans and specifications are on file at office of Engineering News, New York. Wm. H. Cadwell, 213 Main St., is Engr. (Advertised, Engineering News.)

HARTFORD, CONN.—The following contracts have been awarded: F. B. & W. H. O'Neil, Benton St., at $4,781; HARTFORD PAVING AND CONSTRUCTION CO., Otis, Putnam and Avon Sts., at $4,947.

Contract for the sewer on Main St. was held up, the bids being much higher than the estimate of the City Engineer. F. L. Ford is City Engr.

NEW HAVEN, CONN.—It is reported that sewer construction to cost $14,029 is planned. C. W. Kelly is City Engr.

WEST SENECA, N. Y.—Plans for a new system of sewerage, to cost about $227,663, have been prepared by D. Fairchild, of Buffalo, for the town of West Seneca.

BUFFALO, N. Y.—Bids are asked until 11 a. m., April 5, by the Department of Public Works, for the construction of sewers in several streets. F. G. Ward is Comr.

UTICA, N. Y.—Contract for a sewer in Genesee St. has been awarded to JOHN SIEGRIST, at $3,353. Paul Schultz is City Engr.

NEW YORK, N. Y.—Bids are asked until 11 a. m., April 2, by Joseph Bermel, Pres. Queens Borough, for constructing sewers and catch basins in various streets.

RIDLEY PARK, N. J.—See under Streets and Roads.

PLAINFIELD, N. J.—We are informed that Geo. H. Pierson, Engr., 50 Broadway, New York, has been engaged to prepare plans and estimates for a sewerage system for North Plainfield.

CAMDEN, N. J.—Contracts for building three sewers were awarded as follows: Lemon St., Mount Ephraim Ave. to Louis St., A. VON WARD, at $1.09 per lin. ft.; Twenty-seventh St., Hayes to Atlantic Ave., B. T. SWEETEN & SON, $1.18 per lin. ft.; Twenty-seventh St., Pleasant Ave. to Cramer Ave., B. F. SWEETEN & SON, $1.20 per lin. ft. L. E. Fernham is City Engr.

ALTOONA, PA.—It is planned to construct a storm sewer in Beaver St., Gaysport. J. L. Henry, Engr., is preparing plans.

MOUNT CARMEL, PA.—DE NALLO & KLINGBERG, of Kingston, N. Y., have received the contract for sewer construction here, at $39,040. T. Chalkley Hatton is Engr.

EASTON, PA.—Contract for a storm sewer on Lincoln St. has been awarded to JOHN McINERNEY, at $1,333.

ROANOKE, VA.—Bids are asked until noon, April 14, by W. E. Thomas, Clk. of Council, for constructing sewers. W. B. Bates is City Engr.

MONTGOMERY, ALA.—Bids are asked until April 2, by R. S. William, City Treas., for constructing sanitary sewers in Scott, Alabama, Jackson, High Union and Water Sts. A. R. Gilchrist is City Engr.

BIRMINGHAM, ALA.—Bids are asked until noon, April 5, for the construction of 8,000 ft. of branch sewers. Julian Kendrick is City Engr.

HATTIESBURG, MISS.—See under Water Supply—Irrigation.

NEW ORLEANS, LA.—Bids are asked until March 31, for constructing a sewer system at Jackson Barracks, La. Capt. B. T. Clayton is Q. M.

LOUISVILLE, KY.—The Board of Public Works has awarded R. L. CLARK the contract for constructing brick sewers in 26th St.

ASHTABULA, O.—Bids for the W. Camp St. sewer, noted in issue of March 15, has been rejected.

CLEVELAND, O.—Bids are asked until noon, April 7, for the construction of a sewer in Coit Ave., East Cleveland. J. P. Arter is Village Clk.

ANN ARBOR, MICH.—Bids are asked until 7 p. m., April 11, by the Board of Public Works, for storm sewers. Ross Granger is City Clk.

MENOMINEE, MICH.—Contract for sewers on two streets has been let to C. H. NORTON, of Marinette, Wis., at $2,849.

LANSING, MICH.—Contract for the extension of Weiman Creek Valley sewer has been let to J. A. BLACK, at $7,957. H. A. Collar is City Engr.

GRAND RAPIDS, MICH.—According to the estimates of L. W. Anderson, City Engr., about $91,000 will be the cost of the projected Hilton St. sewer.

MOLINE, ILL.—Ordinances have been passed for sewers here to cost $68,000. Clark G. Anderson is City Engr.

ELGIN, ILL.—Ordinaces have been passed ordering a complete new sewer system to cost about $267,840.

WAUKESHA, WIS.—Bids are asked until 2 p. m., March 30, by the Board of Public Works, for the construction of pipe sewers. William Powrie is City Engr.

OSHKOSH, WIS.—Bids are asked until noon, April 16, by the Board of Public Works, for sewers in several streets. Geo. H. Randall is City Engr.

DES MOINES, IA.—Plans are being prepared for a trunk sewer in E. Ninth St. J. W. Budd is City Engr.

CENTERVILLE, IA.—SPOONER, PAYTON & FINK have been awarded the contract for constructing new sewers in E. State, N. Main and N. Tenth Sts.

OSKALOOSA, IA.—Bids are asked until April 9 for sewerage construction in several streets. Richard Burke is City Clk.

PIPESTONE, MINN.—Bids are asked until 7.30 p. m., April 11, by S. W. Funk, City Recorder, for completion of sewer system.

ST. PAUL, MINN.—Contracts have been awarded to JOHN LIND and RYAN & JOHNSON for sewer construction, at $2,300.

The assembly has passed a final order for the construction of the Warrendale sewer system, to cost $53,000.

PEORIA, ILL.—We are officially advised that J. S. ALLEN has been awarded contract for paving three streets as follows: Persimmon St., $10,680; Spencer St., $15,-906; Wisconsin St., $3,956.

BLOOMINGTON, ILL.—The contract for brick paving on Olive St. has been awarded to O. W. DUNLAP, of Bloomington, at $1.59 per sq. yd. for paving and 58 cts. per lin. ft. for granitoid curb and gutter. Elmer Folsom is City Engr.

SUPERIOR, WIS.—E. A. DAHL, 1109 N. 6th St., has received the contract for paving N. 7th St. at $22,215. S. M. White, City Engr.

WATERTOWN, WIS.—Bids are asked until April 10, by the Board of Public Works for the construction of 14,443 sq. yds. of brick pavement and 7,166 sq. yds. of macadam roadway, together with stone curb and cement curb and gutter. E. B. Parsons is City Engr.

DES MOINES, IA.—Only two bids for the construction of sidewalks during the year, as noted in issue of March 15, have been received. Cook Construction Co. bid 8 cts. per sq. ft. for brick paving and the King Lambert Construction Co. bid 11 cts. for cement.

BOONE, IA.—The following bids are stated to have been opened for paving portions of Green, Story and W. 7th Sts.: MAGDEN & SHELBY, of Des Moines, $19,619 (awarded contract); E. H. Samuelson, of Boone, $21,-260; M. Ford, of Cedar Rapids, $21,907, and Wm. Horriben, of Iowa City, $22,905.

DAVENPORT, IA.—The contract for paving with asphalt portions of Gaines and Division Sts. was awarded to McCARTHY IMPROVEMENT CO., of Davenport, at $1.70 and $1.53 per sq. yd. respectively.

The Council is reported to have rejected all bids opened March 6 for paving portions of Brady, 18th, Scott, Ripley and High Sts. According to reports new bids will be received.

BURLINGTON, IA.—Bids are asked until April 2, by the council, for 15,000 sq. yds. of brick pavement and 6,500 lin. ft. of concrete curb. Wm. Steyth is City Engr.

AUSTIN, MINN.—FIELDING & SHEPLEY, of St. Paul, Minn., have been awarded the contract for paving several streets here.

OBERLIN, KAN.—Bids are asked for about 100,000 ft. of residence district and 50,000 ft. of business district sidewalks. Plans and specifications with bids are asked from cement, vitrified brick and stone contractors. Address Joseph H. Young.

FREMONT, NEB.—MICHAEL FORD has been awarded the contract for 13 blocks of pressed brick paving at $1.84 per. sq. yd. J. W. Andrews is City Engr.

ST. JOSEPH, MO.—The Board of Public Works is stated to have received bids as follows for paving with brick a portion of Penn St.: A. J. Dillingham, $1.18; Rackliffe & Gibson, $1.18¾, and Phoenix Brick Constr. Co., $1.25. Price given is per sq. yd.

SHERMAN, TEX.—Bids are asked until 10 a. m., March 31, for paving Union St. D. P. Davis is Chn. Bd. Pub. Wks.

CHANDLER, OKLA.—Bids are asked until April 5 by the Board of County Commissioners for road construction. J. E. Rea is Clk.

PUEBLO, COLO. — The CLEVELAND TRINIDAD PAVING CO., of Cleveland, O., has been awarded the contract for paving to be done here, at $130,000.

SEATTLE, WASH.—A resolution has been passed by the council declaring its intention to improve Pine St. and other streets, by regrading the same, at an estimated cost of $136,000. R. H. Thompson is City Engr.

LOS ANGELES, CAL.—It is reported that contract for improvements on Shatto Drive has been awarded to CHARLES STANSBURY, at $3.87 per ft., for grading and graveling and 34 cts. per ft. for curb. Harry F. Stafford is City Engr.

REDLANDS, CAL.—N. L. LEVERING was awarded the contract for paving Franklin Ave., at $17,548.

OGDEN, UTAH.—We are officially informed that bids will soon be asked for all concrete sidewalks, curbs and gutters for the year 1906. A. F. Parker is City Engr.

MONTREAL, QUE.—Council Road Committee on March 15th awarded the following contracts for supplies: Tile pipes, to HYDE & WEBSTER, at prices varying according to size, etc., from 5c. to $2.50 a yd. CAVERHILL LEARMONT & CO. were awarded the contract for spikes, at $2.10 per 100 lbs. J. T. MARCHAND & CO., contract for white pine inch boards, tongued and grooved, at $20.50 per 1,000 ft.; of pine inch boards, rough, at $19; of spruce planks, at $32, and of yellow pine at $59.50. W. McNALLY, for Hercules cement, at 59 cts. per 100 lbs., and A. BREMNER, for Crescent cement, at 55 cts. Castings at $2.35 per 100 lbs.; cast iron gullies at $19 each, and manhole covers at $15.60 each were awarded to the CANADIAN IRON & FOUNDRY CO. The contract for bricks and squares at $10.50 per 1,000, and of bevels at $13 was divided between HYDE & WEBSTER and the STINSON REEB BUILDERS SUPPLY CO., both tender prices being the same. The coal tar contract was divided between A. McARTHUR & CO., the PATTERSON MANUFACTURING CO., and LOCKERBY & McCOMB, at 7 cts. per gallon. The contract for curbstone went to A. MANDEVILLE, at 39c. for straight and 59c. for curved blocks. F. D. LAWRENCE, the contract for flagstone sidewalks, at prices varying according to size and quality from $1.60 to $2.38 a sq. yd. laid.

MANUFACTURING PLANTS.

The names of parties awarded contracts are printed in capital letters.

WORCESTER, MASS.—The contract for erecting the factory and tenements for the Rochdale Woolen Co. was awarded to A. P. ROBBINS, 452 Main St., Worcester. The new factory will be two stories, 86 × 376 ft.

VALLEY FALLS, R. I.—It is reported that the Nanshon Mill Co., of this place, will build a new bleachery. The new building will be 75 × 100 ft. Malcolm Chase is Pres.

TORRINGTON, CONN.—It is reported that the Warrentown Woolen Co., of this place, will erect an addition to its present plant.

WESTVILLE, CONN.—The Geometric Tool Co. has plans completed for another 2-story addition to its present factory. The addition will be mill construction, 32 × 148 ft.

SYRACUSE, N. Y.—Plans have been completed for a mill for Rogers & Hilton, of West Fayette St. The mill will be two stories, 52 × 110 ft., brick, stone and steel. W. W. Taber, 852 Oneida County Savings Bank, Syracuse, is Arch.

HOBOKEN, N. J.—It is reported that A. A. Gery, Pres. United States Brick Co., Reading, Pa., will erect a brick plant within six miles of Hoboken, at a cost of $1,500,-000. The plant is to be located on the Hackensack River, where the company has purchased about 700 acres of land.

TRENTON, N. J.—Bids have been received for an addition to the factory of F. A. Strauss & Co. Brick, stone and steel, three stories, costing $100,000. H. E. Finch, 136 East State St., Trenton, is Arch.

CAMDEN, N. J.—It is reported that the Standard Sanitary Manufacturing Co., 35 West 31st St., New York, has planned to erect a factory here at a cost of $500,000.

WILKES-BARRE, PA.—Bids are being received by the Stegmaier Brewing Co. for a new cold storage and bottling plant here. Brick and steel, fireproof, five stories, 100 × 100 ft.

SCRANTON, PA.—It is stated that the International Text Book Co., 434 Wyoming Ave., Scranton, will erect a new factory building for the manufacture of typewriters. Brick, stone and steel.

EASTON, PA.—We are informed that the Lehr Piano & Organ Co., of this city, will rebuild its factory. The new building will be of brick, and will be three stories high.

The Easton Cordage Co. is having plans drawn for an addition to its factory. Brick, stone and steel, three stories. Cost, $25,000.

PHILADELPHIA, PA.—The contract for erecting the factory at 346 East Walnut Lane, for the Excelsior Underwear Co., was awarded to McCARTY & WITMAN, 345 York Ave., Philadelphia.

DENVER, PA.—Bids have been received for the construction of a shoe factory here for the Denver Shoe Co. New equipment will be required.

READING, PA.—Plans have been completed and bids have been asked for the construction of a hosiery mill for S. S. Miller, 238 Walnut St. The building will be two stories, slow burning, with new equipment.

BALTIMORE, MD.—JOHN HILTZ & SON, 3 Clay St., have been awarded contract for the construction of two warehouses for the Crown Cork & Seal Co. to be situated on Eastern Ave., between the Pennsylvania and Baltimore & Ohio Railroad Co.'s tracks.

The FRED WRIGHT CO. has been awarded contract for the construction of a 1-story factory for Jerome I. Vogeler on First St., near Toone St., Canton. The structure will be used for the manufacture of decorative glass. George Carroll, Baltimore, is Arch.

PELHAM, GA.—We are informed that the Pelham Manufacturing Co. will erect an addition 105 × 175 ft. to its present plant. The addition will be two stories, mill construction. The company acts as its own engineer, and has already awarded parts of the equipment contract to the KITSON MACHINE COMPANY, of Lowell, Mass., and MASON MACHINE WORKS, of Taunton, Mass.

BROOKSVILLE, FLA.—A company has been organized here with Dr. G. V. Grinn, Pres., F. B. Coogler, Vice-Pres, and Neil Law, Secy., to erect a 10-ton ice and cold storage plant.

COMO, MISS.—Plans have been completed for the new cotton compress to be erected here. It will be of brick and wood, 400 × 600 ft., and a new Webb high density press will be installed. John H. Taylor, Comr., is interested.

MEMPHIS, TENN.—The contracts for installation of new machinery for the factory of the Moore & McFerren Lumber Co. were awarded to the BERLIN MACHINE WORKS and the AMERICAN WOODWORKING MACHINE CO., both of Chicago, Ill.

AUGUSTA, KY.—Plans have been completed for the construction of foundry for E. H. Huenefeld at this place. Building will be two stories, 100 × 350 ft. Boll & Taylor, 1303 First National Bank Bldg., Cincinati, O., are Archs.

BUCYRUS, O.—The contract for constructing the new steel foundry for the Bucyrus Steel Castings Co. was awarded to the INDIANA BRIDGE CO., of Muntee, Ind.

CLEVELAND, O.—The contract for erecting the new factory for the Cleveland Twist Drill Co. was awarded to GEORGE B. McMILLAN, Cleveland. The new buildings will be of brick, stone and concrete. Richardson & Watts, 942 Prospect Ave., Cleveland, are Archs.

CLEVELAND, O.—The construction of a 5-story factory building, 90 × 300 ft., is proposed by the Cleveland Worsted Mills Co. G. H. Hodgson is Mgr.

CHICAGO, ILL.—The MORAVA CONSTRUCTION CO., 1245 Marquette Bldg., 204 Dearborn St., was awarded the steel and iron contract for extensive additions to be built to a plant at North 48th Ave. and West Division St. for Pettibone, Mulliken & Co., manufacturers of railway supplies, 725 Marquette Bldg. Schock & Swanson, 164 Dearborn St., are Archs. The plan is estimated to cost $1,000,000.

Plans have been completed for a factory at West Lake St. and Willow Ave. for the Meyercord Co. The factory will be three stories, pressed brick, 90 × 110 ft. W. G. Williamson, 153 La Salle St., Chicago, is Arch.

It is reported that the Roos Manufacturing Co. will erect a new plant at Fisk and 16th Sts., Chicago. The main building will be four stories, brick and stone, 40 × 130 ft. Cost, $60,000.

WICHITA, KANS.—The Western Biscuit Company, Frank C. Wood, Pres., will erect a new 4-story brick factory building at William and Wichita Sts., for the manufacture of candies, crackers, etc. Cost, $30,000.

OMAHA, NEB.—It is proposed by the Alfred Bloom Company, 15th and California Sts., to erect a 3-story brick addition, 33 × 132 ft., to its planing mill.

PINE BLUFF, ARK.—The W. D. BOYCE ENGINEERING CO., of St. Louis, Mo., has been awarded the contract for erecting the car factory of the St. Louis-Southwestern Railway Co. Cost, $200,000.

SEATTLE, WASH.—Plans are being prepared for improvements to be made to the Challoner-Perkins plant, which the Union Machinery & Supply Company has recently purchased. Estimated cost, $100,000.

NAMPA, IDAHO.—Plans have been completed for a brewery for the Christen Brewing Co. here. The main structure will be five stories, 79 × 138 ft., fireproof, steel and concrete. James Lockmann, Nampa, will receive all bids. J. B. Barthel, 1441 Unity Bldg., Chicago, Ill., is Arch.

PORTLAND, ORE.—It is reported that the Pacific Coast Co., of Ballard, Wash., will erect a new plant at a cost of $300,000. F. M. Baum, Ballard, Wash., is Mgr.

MISCELLANEOUS CONTRACTS.

The names of parties awarded contracts are printed in capital letters.

ROAD MACHINES.—Houma, La.—See under Streets and Roads.

CONCRETE MASONRY, ETC.—See under Electric Railways, Baltimore, Md.

CONCRETE ABUTMENTS.—Hattiesburg, Miss.—See under Water Supply—Irrigation.

DREDGING.—Port Arthur, Ont.—Bids are asked until April 14 for dredging required in harbor at Port Arthur. Fred Gelinas, Secy. Dept. Public Works, Ottawa, Ont.

DREDGING.—Ottawa, Ont.—Bids will be received until April 14 by Fred Gelinas, Secy. Dept. Public Works, Ottawa, for the dredging required in the Mission and Kaministiquia Rivers, Ontario.

ROCK REMOVAL.—New York, N. Y.—Bids are asked until noon April 25, by Col. W. R. Livermore, Engrs., Army Bldg., for removal of Pot Rock at Hell Gate, N. Y. (Advertised, Engineering News.)

DRAINAGE DITCH.—Spencer, Ia.—Bids are asked until 10 a. m., April 6, for constructing drainage ditch in District No. 2. The same consists of about 42,000 cu. yds. of excavation. E. F. Marker is Auditor.

DITCH.—Cleveland, O.—Wm. H. Evers, County Engr., states that THOS. W. NICHOLSON, of Cleveland, has secured the contract for constructing Dover ditches, 32,260 cu. yds. excavation at 20.5 cts. per cu. yd.

JETTY.—Cleveland, O.—Bids will be received until April 11 by the Board County Commissioners, Julius C. Dorn, Clk., for constructing a line of piling and construction of jetty per report No. 1112, Brecksville Township.

ENGINES, BOILERS, ETC.—Wheeling, W. Va.—Bids are asked until 11 a. m., April 10, for furnishing engines, boiler, pumps, etc., for Lock No. 4, Little Kanawha River, W. Va. Major George A. Zinn, Engrs. (Advertised, Engineering News.)

BLASTING.—Portsmouth, N. H.—The Bureau of Yards and Docks, Navy Dept., has rejected all bids, opened March 3d, for removing by blasting a ledge of rock in front of quay wall, Portsmouth Navy Yard. The reason given is that the bids were excessive.

DITCH.—St. James, Minn—Bids will be received until April 4 by the Board County Commissioners for constructing Sections 1 and 2 of the County Ditch, requiring the removal of about 22,862 cu. yds. earth in Section 1 and laying about 345 rods of tile in Section 2. Est. cost, $4,365.

STEAM SHOVEL WORK.—New York, N. Y.—Ficklen & Stobaugh, 76 Pine St., New York, will let contract for 200,000 cu. yds. steam shovel work and 150,000 cu. yds. grading of all kinds in Borough of Queens. Work is ready at once. Will let in part or as whole contract. (Advertised, Engineering News.)

DITCH.—Anoka, Minn.—Bids were received on March 23 for constructing ditch No. 42. We are informed that contract was given to O. F. DOYLE, St. Cloud, Minn., for 15 cts. a cu. yd., a total of about $7,200. L. L. STEWART, of St. Francis, Minn., was awarded contract for No 43, at 16¼ cts. a cu. yd., a total of about $2,575. Arthur A. Caswell, Auditor.

CEMENT.—Los Angeles, Cal.—The Secretary of the Interior has awarded contract to the PACIFIC PORTLAND CEMENT CO., of San Francisco, Cal., for supplying from 8,000 to 10,000 bbls. of Portland cement for the Klamath Project, California and Oregon. Two bids were received, that of the Pacific Portland Cement Co., $1.55 f. o. b. mill at Tolenas, Cal., being the lowest, freight rate of 32 cts. considered.

FILLING.—Jacksonville, Fla.—The Board of Public Works, City Building, Jacksonville, will receive bids until April 2 for filling with earth low lands owned by the city bordering on Hogan's Creek, to be used for park purposes. Estimated quantity under contract to be approximately 100,000 cu. yds. Plans and specifications are on file in office of Philip Prioleau, City Engineer. P. A. Dignan, Chn. Bd. of Public Works.

FREIGHT STEAMER.—Boston, Mass.—THE MARYLAND STEEL CO., Sparrow Point, Md., has received contract for a freight and passenger steamer for the Boston Towboat Co., of Boston, Mass., for use on its Boston-Philadelphia route. The new boat will measure 276 ft. between perpendiculars, 920 ft. over all, 42 ft. beam and 28 ft. 3 in. depth at side. There will be one triple expansion engine, the cylinders of which will measure 28, 45 and 72 ins. in diameter, respectively, having a common stroke of 48 ins. Steam will be furnished by four Scotch boilers, each 13 ft. 9 ins. in diameter and 12 ft. long, carrying a working pressure of 180 lbs. steam. There will be one screw, driving the vessel at a speed of 13½ knots when loaded.

U. S. POSSESSIONS AND CUBA.

The names of parties awarded contracts are printed in capital letters.

SUCTION DREDGES.—Panama.—The Isthmian Canal Commission has postponed date of opening of bids for sea-going suction dredges from April 3, at 10.30 a. m., until April 19, at the same hour. Notice dated March 15.

POWER PLANT.—Canal Zone.—Plans and specifications are now being prepared by the Isthmian Canal Commission for the power and light plant at Empire, Canal Zone. The appropriation for this plant is $[illegible]. W. Ross is Purchasing Agent, Panama Canal Bldg., Washington, D. C.

PUBLIC WORKS.—Cuba.—The "Gaceta Oficial" of February 26, [illegible] announcement of laws sanctioning the following expenditure of: (1) $700,000 on public works, road and bridge construction, [illegible] provinces of Pinar del Rio and Habana; (2) $500,000 on dredging and other [illegible] work at the port of Isabela de Sagua; (3) $50,000 on studying the best means of [illegible] the floods periodically caused by the overflowing of the Roque. The Government may employ for these studies native engineers, whether residing in Cuba or elsewhere, who have been habitually engaged in carrying out hydraulic works.

SUPPLIES.—Panama.—The Isthmian Canal Commission will receive bids until April 12 for various supplies, of which the following are of interest to engineers: Steel rails and plates, sheet iron, rivets, tacks, galvanized and cast-iron pipe fittings, valves, 8,000 ft. wire rope, 1,000,000 ft. lumber for siding, flooring, ceiling and shingling, four Scotch marine boilers, complete supplies for electric light plant, including two generator sets, 100-KW.; two D. C. motors and motors, two-phase generators and feeders and load panels, 63 transformers, three tubular boilers, vertical, 120 H.P., material, material for interior wiring, etc.

MONUMENT.—Manila, P. I.—We are officially advised that the Rizal Monument Committee of the Philippine Islands is prepared to receive competitive designs for a monument to Jose Rizal, the Filipino patriot, writer and poet, to be erected in Manila on the Luneta Drive. The estimated cost must not exceed $100,000 (Philippine currency). Prizes of $5,000 and $2,000 (Philippine currency) will be awarded for the accepted first and second prizes. Designs must be presented not later than March 30, 1907. Dr. Maximino M. Paterno, Secy., San Sebastian St., No. 162. Plan and conditions governing the competition are on file at office of Engineering News, New York.

SUPPLIES.—Panama.—Plans and specifications will shortly be issued by the Isthmian Canal Commission for a large quantity of supplies of interest to engineers. The principal articles called for are: Four locomotive coaling cranes of ten tons capacity, four of 20 tons, two transfer pit hydraulic jacks of 15 tons capacity, 60-in. bore of ram; two transfer pit hydraulic jacks for engine truck pit. Also 6 horizontal tubular boilers, designed to carry a working pressure of 130 lbs. per sq. in. connected in one battery. These boilers are to be used for the installation of air compressors in connection with the canal. Each boiler shell is to be made in three courses, each course being one plate; diameter, 84 ft. measured on the outside of the small course and designed for flush front. Heads, 18 ft. apart outside. Boilers are to be equipped with all necessary fittings.

ELECTRIC RAILWAY.—Havana, Cuba.—We are officially advised that the Havana Central Railroad Co., which now operates 120 miles of road in the province of Havana, has taken definite steps to increase its mileage by 150 miles. The equipment to be purchased will be of the heavy electric railroad class, standard freight cars, with workshops and power plants of adequate capacity to be installed at suitable locations. The franchise gives the company the exclusive privileges to construct and operate electric light plants for public use in any or all towns through which the road will pass. Already $10,000,000 have been expended on the project, but the estimated cost of construction work, heavy pier masonry along the water front, passenger and freight depots, line extensions, light plants, rolling stock, etc., has been placed at about $20,000,000 additional. G. F. Greenwood, 32 Broadway, New York, is Gen. Mgr., and A. W. K. Billings, Hanava, Cuba, is Ch. Engr.

HOTEL BUILDING. — Manila, P. I.—The Bureau of Insular Affairs of the War Department, Washington, D. C., is in receipt of information from the Philippines that the city government of Manila has invited proposals, to be opened on September 15 1906, for the purchase of a lease of a hotel site on the Luneta, the site in question being approximately 500 × 600 ft., with an assessed valuation of $224,000 and fronting on a new boulevard on the east, with the Luneta on the South, Manila Bay on the west, and the new commercial center and works of the port on the north. We are officially advised that "according to the general plan of the city of Manila, the site is advantageous from every point of view, being conveniently near the government offices and the future commercial center of Manila and within easy walking distance for tourists from steamships. From the observations of those who have been long in the Philippines, a hotel containing 150 to 200 rooms would secure a full patronage, and the proposals must contemplate the erection of a hotel of that size at least. Hotel accommodations in Manila have been wholly inadequate from the date of the American occupation and at this time there is hardly a hotel there worthy of the name. To parties who will purchase the lease of this site and construct a hotel conforming to the plans for the beautification of the city of Manila special inducements are offered. The Luneta is a popular promenade and driveway along the old sea wall, where congregate in carriages and on foot the elite of the city of Manila in the evenings and where concerts are given by the army constabulary bands." Specifications and data are on file at office of Engineering News, New York.

CIVIL SERVICE EXAMINATIONS

DYNAMO ENGINEMAN.—New York, N. Y.—An open competitive examination will be held on April 12, 10 a. m., for the position of Dynamo Engineman. The receipt of applications will close at 4 p. m., April 5. William F. Baker, Pres. Municipal Civil Service Comm., 61 Elm St., New York. (Advertised, Engineering News.)

TOPOGRAPHICAL DRAFTSMAN. — New York, N. Y.—An open competitive examination will be held on April 24, at 10 a. m., for the position of topographical draftsman. The receipt of applications will close on April 10th. William F. Baker, Pres. Municipal Civil Service Commission, 61 Elm St. (Advertised, Engineering News.)

ARCHITECTURAL DRAFTSMAN, ETC.—Albany, N. Y.—The State Civil Service Commission announces examinations to be held April 14, for the following positions: Architectural Draftsman, $15 to $25 a week; engineering examiner, State Civil Service Commission, $1,500; Boiler Inspector, Dept. Public Works, $3,000; Inspector of Gas and Electricity, State Commission of Gas and Electricity; Rodman, State Engineer's Department, $3.50 a day; Zoologist, State Museum, $1,200. The last day for filing applications is April 9. Application forms and detailed information may be obtained by addressing Charles S. Fowler, Chief Examiner, at Albany.

ENGINEER AND CARPENTER.—Winnebago, Neb.—The U. S. Civil Service Commission announces an examination on April 18 to fill a vacancy in the position of engineer and carpenter, at $660 a year, in the Indian Service at Winnebago, Neb. Applicants should at once apply for application Form 1063.

COAST ARTILLERY, U. S. A.

MASTER ELECTRICIANS.—Fort Totten, N. Y.—Wanted: Master Electricians for Coast Artillery, U. S. Army. Graduate of standard schools of technology or others of equivalent theoretical education, and three years' practical experience with steam and electricity, under 33 years of age and unmarried. Pay and allowances as follows: Pay, $75 per month. Allowances, house, food, clothing, fuel, light, medical attendance, etc. After 30 years' service, retirement on three-quarters pay and allowances. Apply to Secretary, School of Submarine Defense, Fort Totten. (Advertised, Engineering News.)

INDUSTRIAL NOTES.

MR. PERCIVAL M. CHURCHILL, until Jan. 1, Engineer U. S. Reclamation Service in charge of the Williston (N. Dak.) District pumping projects, has opened an office at 6 Beacon St., Boston, Mass., for the practice of general engineering.

THE NORTHERN ENGINEERING WORKS, Detroit, has recently supplied to the foundry of the Holland Radiator Co., Bremen, Ind., about 1,700 ft. of overhead trolley track with hangers, curves, switches and trolleys, comprising a modern overhead foundry distributing system.

WILLIAMS, PROCTOR & POTTS, INC., have been organized by R. B. Williams, Jr., R. P. Proctor and Clyde Potts, Civil and Sanitary Engineers. The firm was formerly Williams & Whitman, Inc., Mr. E. B. Whitman having severed all connections. The office of the new company is at 902 Whitehall Bldg., New York.

THE AMBURSEN HYDRAULIC CONSTRUCTION CO., of Boston, has commenced work on a concrete-steel dam near Ricketts Station, Pa., the dam being 32 ft. high and about 400 ft. long. The storage from this dam will be worked off over a head of about 900 ft. and the pond created will substantially store the entire rainfall of the year on the tributary drainage area.

MR. JOS. F. I. FULLER, who was formerly Engineer and Purchasing Agent for a large New York metal company, has opened salesrooms at 50 Reade St., New York, where he will represent certain firms making castings, forgings and machine work. Mr. Fuller wishes to add to his representation the names of a few leading manufacturers in the western states. Mr. Fuller has very favorable connections in Argentina and he expects to do considerable business with that country.

THE LIMA LOCOMOTIVE & MACHINE CO., Lima, O., has received orders during the past week for locomotives from the following firms: Owl Bayou Cypress Co. La., one 15-ton Shay; Kirby Lumber Co., Tex., two 37-ton Shays; B. & N. R. R., Tex., one 28-ton Shay; Lackawanna Lumber Co., Pa., one 65-ton Shay; Standard Lumber Co., La., one 20-ton Shay; Pt. Susan Logging Co., Ore., one 37-ton Shay; Ore. Timber Co., Ore., one 37-ton Shay; Kilpatrick Bros. & Collins, Neb., one 45-ton Shay. This is the third order received within a very short time from this firm for a Shay locomotive.

For other Proposal Advertisements see pages 43, 44, 45, 46, 47, 48, of Advertisements and Construction News page 118.

WATER WORKS IN FILTRATION GALLERY.

Office City Clerk,
Columbus, Indiana.

Sealed proposals will be received at this office up to 8 P. M. April 16, 1906, for the construction of a wooden Infiltration Gallery 210 feet long in White River.

The Common Council reserves the right to reject any or all bids.

GEORGE VORWALD, City Clerk.
W. H. RIGHTS, Civil Engineer. 13-1t

SEWER CONSTRUCTION.

New Britain, Conn.

Sealed bids will be received by the Board of Sewer Commissioners of New Britain, Conn., at their office, No. 213 Main St., up to four o'clock, Tuesday, April 10, 1906, for building sewers, manholes, and appurtenances for two sections of the city's sewer system, as per plans, profiles and specifications on file in the office of said Commissioners, as follows:

Section E., approximately three and one-half miles of pipe sewers, from eight inches to eighteen inches in diameter, depth from five feet to twenty-four feet.

Section F., approximately four and one-tenth miles of pipe sewers from eight inches to twenty inches in diameter and from five to thirteen feet deep.

Bids will be received for each section separately.

Each bid for each section shall be accompanied with a certified check for one thousand ($1,000.00) dollars, payable to the Treas. of the City of New Britain, Conn.

All bids shall be made upon blanks furnished by the City.

The right is hereby reserved to reject any or all bids as the interest of the City may appear.

SAMUEL H. STEARNS,
EDGAR H. BEACH,
JAMES HEALY,
Board of Sewer Commissioners.

Address,
WILLIAM H. CADWELL, Engineer,
13-2t No. 213 Main St., New Britain, Conn.

Plans and specifications are on file at the office of Engineering News, New York.

ASPHALT PAVING, ETC,

Office of the Board of Public Works,
Salt Lake City, March 6, 1906.

Sealed proposals will be received at this office until 3 o'clock p. m., Wednesday, April 11th, 1906, for the work of grading, curbing and paving State Street, from Fourth South Street to Seventh South Street, and Fourth South Street, from West Temple Street to Second East Street.

The approximate quantities of work to be done are as follows:

Grading .....14,000 cubic yards
Curbing ..... 9,400 linear feet
Asphalt Pavement.....36,000 square yards
Concrete Pavement..... 360 square yards

Instructions to bidders, together with specifications and forms for contract and bond, can be obtained upon application at the office of the Board of Public Works or City Engineer.

The right is reserved to reject any and all bids.

By order of the Board of Public Works.
F. J. LEONARD,
Chairman.
LOUIS C. KELSEY,
City Engineer. 11-3t

(City Arms)

HIGH PRESSURE FIRE SYSTEM.

Tenders will be received by registered post only, addressed to the Chairman of the Board of Control, City Hall, Toronto, Canada, up to noon on Tuesday, May 1st, 1906, for the supply of Cast-Steel Pipes and Specials, and also for the Cast-Iron Special Pipes and Castings required for the High Pressure Fire System.

Envelopes containing tenders must be plainly marked on the outside as to contents.

Plans and specifications may be seen and forms of tender obtained at the office of the City Engineer, Toronto, Canada.

The usual conditions relating to tendering as prescribed by City By-law must be strictly complied with.

The lowest or any tender not necessarily accepted.

E. COATSWORTH (Mayor)
13-3t Chairman Board of Control.

For scope of examination and further information apply to the Secretary.

WILLIAM F. BAKER, President;
R. ROSS APPLETON,
ALFRED J. TALLEY,
Civil Service Commissioners.
FRANK A. SPENCER,
Secretary. 13-2t

WATER-WORKS EXTENSION, SEWERS, PAVING, CONCRETE ABUTMENTS.

Hattiesburg, Miss.

Sealed proposals will be received by the Mayor and Board of Aldermen of the City of Hattiesburg, Miss., until 7.30 p. m., April 10th, 1906, for the construction of the following public improvements:

CONTRACT NO. 1. WATER-WORKS EXTENSION.

For removing and replacing 11,000 ft. cast-iron water pipe, including hydrants, valves, etc.

For laying 44,863 ft. of 4 to 12-in. cast-iron water pipe.

For furnishing 555.96 tons of cast-iron water pipe larger than 4-in.

For furnishing 96.71 tons of 4-in. cast-iron water pipe.

For furnishing 81 hydrants.

For furnishing 61 valves, 4 to 12-in.

For constructing 17 special valve boxes.

CONTRACT NO. 2. SANITARY AND STORM SEWERS.

For—
2 septic tanks
4,466 ft. of 8 to 12-in. sewer, av. cut 6 ft.
4 flush tanks.
15 manholes.
10,301 ft. of 9 to 18-in. storm sewer, cut from 5 to 10 ft.
46 manholes.
100 catch basin inlets.
2 bulkheads.

Also extra work in repairing old sewers for which actual cost, plus 10 per cent. will be allowed.

CONTRACT NO. 3. STREET PAVING AND CURBING.

Bids will be received for Asphalt, Bitulithic and Brick Paving. Also for Granite Curb and Combined Curb and Gutter.

10,000 cubic yards of excavation.
22,000 lineal feet curb.
45,000 square yards paving, including:
50,000 square feet reinforced concrete over refilled trenches.

CONTRACT NO. 4. SEVEN CONCRETE ABUTMENTS.

Approximately 700 cubic yards.

Specifications for the above work can be had by applying to Richard C. Huston, City Engineer, Office Keyes Building, Hattiesburg, Miss.

Certified check for Contracts No. 1, 2 and 4 for 10 per cent. of the amount of bid, and for Contract No. 3 for 5 per cent. of the amount of bid, must accompany each proposal as an evidence of good faith of the bidder.

This will be let under the rules of the American Public Works Association. This work will be paid for in cash for which $200,000 is available.

The City reserves the right to reject any or all bids.

C. W. RICH, Mayor.
A. FAIRLEY, City Clerk.
RICHARD C. HUSTON, City Engineer. 13-2t

NOTICE OF RECEPTION OF PROPOSALS FOR PAVEMENT ON SUSQUEHANNA STREET.

City Clerk's Office,
Binghamton, N. Y., March 20, 1906.

Notice is hereby given that sealed proposals for paving Susquehanna Street, from the east line of Exchange Street to the west line of Carroll Street, in accordance with the specifications prepared by the City Engineer now on file in the City Clerk's Office, will be received at the City Clerk's Office of the City of Binghamton, N. Y., until 5 o'clock, April 9, 1906, and will be opened by the Common Council at a meeting to be held on said date.

Proposals will be received for paving with vitrified brick on a six inch hydraulic cement concrete foundation, and each bidder will be required to state in his proposal the kind of brick which he proposes to use.

Approximate estimate of brick, 2,742 square yards; of concrete, 457 cubic yards; excavation, 914 cubic yards.

Bidders will be required to state separately price on broken stone and gravel concrete.

Blank forms for proposals may be obtained of the City Clerk at his office.

The Council reserves the right to reject any or all bids.

D. C. HERRICK,
12-2t City Clerk.

DEPARTMENT OF THE INTERIOR, Washington, D. C., March 24, 1906.—Sealed proposals will be received at the office of the Engineer, U. S. Geological Survey, Garden City, Kansas, until 2 o'clock p. m., Saturday, April 28, 1906, for the construction of fifteen (15) steel highway bridges in Comanche County, Oklahoma. Particulars may be obtained from Chas. E. Gordon, Engineer, Garden City, Kansas. THOS. RYAN, Acting Secretary. 13-4t

FURNISHING AND LAYING CAST IRON PIPE.

Orange, N. J.

Sealed proposals endorsed "Proposals for furnishing 20-inch cast iron pipe and special castings," "also, "Proposals for laying 20-inch pipe, etc., and addressed to the "Chairman of the Committee on Water," will be received by the City Clerk at the hour of eight o'clock in the evening on Monday, the ninth day of April, A. D. nineteen hundred and six, in the Common Council Chamber, Canfield Street Engine House, and opened publicly at a meeting of the Common Council, to be held on the same evening, in the presence of the bidders who may choose to attend for the following stated purposes, to wit:

Contract No. 1. For furnishing about 2,200 tons 20-inch cast iron pipe. 20 tons special castings.
Contract No. 2. For laying about 28,000 feet of 20-inch cast iron pipe and appurtenances.

Proposals must be made on the blank forms to be obtained from the City Engineer, and will be considered as inoperative if not in all respects in conformity with this notice. Bidders must state their prices in writing or words at length, as well as in figures.

Each proposal must be accompanied by an undertaking of a Surety Co., authorized to do business in the State of New Jersey, to the amount of
$25,000 for Contract No. 1.
$50,000 for Contract No. 2.
That it will enter into indemnity bond to that amount upon the award of the contract to the successful bidder.

Plans and specifications may be seen at the office of the City Engineer, Orange National Bank Building.

No bid will be considered unless the party making it shall furnish evidence satisfactory to the Common Council of his experience and ability in this class of work, and his financial ability successfully to prosecute the said contract in case the same shall be awarded him.

Bidders are required to state in their bids their individual names and places of residence in full.

The right to accept or reject any or all proposals is reserved as may be deemed best for the interests of the city.

Dated, Orange, N. J., March 15, 1906.
FRED T. CRANE,
3-22-2t City Engineer.
12-2t

There will be required, boilers, pumps, boiler-feed pumps, heater, hydrants, valves, cast-iron water pipe, stand-pipe or water tower, lead, oakum, steam pipe and fittings.

Specifications and requirements fully stated can be had by addressing the O'NEILL ENGINEERING CO., Dallas, Texas.

Bids will be received for material only. The right is reserved to reject any or all bids. 13-3t

HYDRO - ELECTRIC POWER PROPERTY FOR SALE.

Canada.

Tenders will be received by the undersigned up to noon of Monday, the 30th day of April, 1906, for the purchase of the properties, real and personal, comprising the undertaking of the Southern Light & Power Company, Limited, a Company organized for the purpose of developing electrical energy by hydraulic power at Erindale (a village on the line of Canadian Pacific Railway and about two miles from Clarkson's, on the G. T. R., and situated about fifteen miles west of the City of Toronto on the Dundas Road, where the said road crosses the Credit River) for distribution in the City of Toronto, and in the towns and villages within a radius of fifteen miles of Erindale, including Oakville, Streetsville, Brampton, Cooksville, Port Credit, Milton, Toronto Junction, New Toronto, Mimico and Swansea.

The Company's general scheme of development, which has been partly carried out, involved the building of a dam across the Credit River at Erindale and the conveyance of the water by means of a concrete-lined tunnel to a point where the power house was to be erected, thus obtaining a total static head of sixty feet at low flow of the river.

The Company, which is being operated by the undersigned, is at present selling electrical energy in and to the Village of Streetsville and in the Village of Erindale developed by the steam construction plant at Erindale, and is also selling electrical energy in the west end of the City of Toronto, developed by a temporary steam plant installed at the Liszt Piano factory on Sorauren Avenue, Toronto.

The undersigned is offering all the property and interest of the Southern Light & Power Company, Limited, in the following:

1. One hundred and forty-five (145) acres more or less of land in the valley of the Credit River at Erindale intended for flooding area and storage purposes and for power house site, also certain other lands located at Port Credit, Lavender Falls and on Bloor Street, Toronto.
2. A partially constructed concrete dam at Erindale.
3. A partially constructed concrete-lined tunnel for conveying water from the storage area to the power house.
4. Machinery, including generators, transformers, motor, station, lightning arresters, and meters.
5. Eight miles of transmission line now in service and five and three-quarters miles partially completed.
6. Twenty miles of line extending along Dundas Street from Toronto Junction to Oakville.
7. Sundry materials for electrical transmission lines and distribution system, including poles, copper wire, iron wire, etc.
8. Construction plant and equipment, including hoisting and conveying plant with engines, boilers, cables, skips, and towers; derrick with cables and hoisting engines; cement mixers; steam rock drills; horizontal steam boiler; gravel and cement cars and skips; cement testing and surveying instruments; cement buckets; cables; blasting supplies; sundry tools and supplies; frame buildings and lumber.
9. The privileges and franchises under the following By-laws and Agreements:

By-law No. 674 of the Township of Toronto dated the 30th day of April, 1904, authorizing the use of certain roads and highways for poles, wiring, etc.

And the Agreement dated the 30th day of May, 1904, entered into pursuant to the said By-law.

By-law of the Township of Etobicoke, dated December 15th, 1905, authorizing the use of certain roads and highways for poles, wiring, etc., and agreement bearing the same date entered into in pursuance of the By-law.

Agreement dated July 6th, 1904, with the Township of York, granting the right to erect poles and string wires on certain roads and highways:

And Supplementary Agreement with the said Township of York dated August 9th, 1905.

Agreement dated June 14th, 1905, with the Village of Streetsville, authorizing the use of roads and highways for proposed wiring, etc.

Agreement dated December 21st, 1904, with the City of Toronto giving the right to erect poles, string wires, etc., on certain streets.

Agreement dated June 15th, 1905, with the City of Toronto giving the right to erect poles, wires, etc., on certain streets.

Agreement dated June 29th, 1905, with the Town of Toronto Junction for the right to erect poles, wires, etc., on certain streets.

Agreement dated December 22d, 1905, with the City of Toronto, giving the right to erect poles, etc., on certain streets.

Further particulars, including description of properties, Inventories and Plans may be obtained at the office of the undersigned.

The undersigned has received a report upon the properties from an eminent hydraulic engineer, which can be seen at his office.

Terms of payment:

A marked cheque for ten per cent. (10%) of the tender to accompany the tender; an additional fifteen per cent. (15%) to be paid in thirty days from the acceptance of the tender; an additional twenty-five per cent. (25%) to be paid in two months from the acceptance of the tender; and the balance to be paid in six months from the acceptance of the tender. The unpaid balance from time to time of the purchase money to be secured to the satisfaction of the undersigned.

The lowest or any tender not necessarily accepted.

The further conditions of sale are the standing conditions of sale as far as applicable.

JOHN MACKAY,
Liquidator of The Southern Light & Power Company, Limited,
7 King Street East,
12-3t Toronto, Ontario.

CONCRETE MASONRY AND TIMBER BRIDGING.

Maryland.

The Washington, Baltimore and Annapolis Electric Railway.

Approximately 12,000 cubic yards Concrete Masonry, 740,000 feet B. M. of Timber Bridging and 21,000 lineal feet of piling.

Plans and specifications are now on file at the offices of the Engineers, The Roberts and Abbott Company, Schofield Building, Cleveland, Ohio, and Maryland Trust Building, Baltimore, Maryland. Copies can be obtained at either office, but preferably call at the Baltimore office.

Copies will not be forwarded.

Bids will be received at the Baltimore office until April 25th. 13-3t

LARGE WATER POWER FOR SALE.

The Keewatin Power Company, Limited, will offer for sale at auction its developed Water Power on the West branch of the Winnipeg River, at the outlet of the Lake of the Woods, Town of Kenora (formerly Rat Portage), Ont., having the following characteristics:

Effective horse-power, 28,000; fall, 19 ft.; water supplied directly from the Lake of the Woods; entire immunity from ice difficulties of every kind; massive granite dam, on bed rock, foundation; 388 acres of land for utilizing power; direct connection with the main line of the Canadian Pacific Railway at Keewatin Station and direct navigation connection with the Lake of the Woods and Rainy River.

Sale will take place in the Russell House, Ottawa, Canada, on Thursday, 5th July, 1906, at 2 p. m. The sale will be subject to a reserve bid. Plans of the property and further information may be had from the undersigned.

JOHN MATHER, President Keewatin Power Co., Ltd., 453 Laurier Ave., E., Ottawa, Can., or R. A. MATHER, Manager, Keewatin, Ont., Can. 13-15t

SINKING DEEP WELL.

Waterloo, Iowa.

Sealed bids will be received by the undersigned at the office of the Waterloo Water Company, at Waterloo, Iowa, until 3 o'clock P. M., May 1st, 1906, for sinking a deep well for said company. Said well shall have an inside diameter of about nineteen (19) inches to the rock (about 20 feet), and shall have a clear inside diameter of fifteen (15) inches to a total depth of two hundred (200) feet. Below this point, the well shall have a clear inside diameter of ten and one-half (10½) inches for an additional depth of about two hundred and fifty (250) feet, and shall be drilled to a total depth of about fifteen hundred (1500) feet, with a clear inside diameter at the bottom of eight (8) inches.

Specifications and form of proposal may be obtained at this office, or at the office of Daniel W. Mead, Consulting Engineer, 738 First National Bank Building, Chicago.

The right is reserved to reject any or all bids, or to accept any bid considered advantageous to the Waterloo Water Company.

J. E. SEDGWICK,
Secretary and Treasurer.
Waterloo, Iowa, March 22, 1906. 13-2t

READY APRIL 2nd

SMOLEY'S TABLES

THIRD EDITION

Enlarged by Extension of Logarithms, 56 to 100 feet, and by the addition of Tables of the Six Logarithmic Functions and Angles Corresponding to Given Bevels.

These Tables of Logarithms and Squares of Feet, Inches and Fractions of Inches are in parallel columns for the most convenient use. They vary by $\frac{1}{32}$ of an inch from zero to 100 feet. They are accurate, and make a book superior to any other of a similar kind on the market. Several thousand copies of the earlier editions of the book, containing tables from 0 to 50 feet, have been sold, but the extension of the tables to 100 feet, and the additions of other material, making a total increase in size of 100 pages, with **no increase in price,** will still further tend to make this the **standard** work of its kind.

In a recent suit for infringement, the United States Circuit Court issued a permanent injunction against the publication, vending, or being in any way concerned in the printing, publishing, vending, or exposing for sale of any books like, or copied, or pirated from the book entitled "Smoley's Tables."

4½ x 7 inches; Bound in Flexible Morocco, 324 pages
